DREDGE DECKHAND 5-Day Basic Dredger Appreciation and Safety Course

November 4-8, 2019

Aim:

The aim of this course is to provide lower-cadre workers involved in mechanized dredging activities the basic knowledge to enhance their productivity, personal safety and careful handling of equipment and work tools. This course is preparatory to the international-standard Dredge Deckhand Course and should prepare participants for skilled employment in dredging sites and offices. In addition to class room lectures, practical sessions include a training trip to a dredger and lessons on swimming techniques for survival and work purposes.

Course Content:

- A.** Personal Protective Equipment usage [hard hat, overall, safety shoes, hand gloves, life-jackets and ear-muffs]. Proper safety dressing and kits for work conditions.
- B.** Preventive Maintenance routine onboard dredgers: how to clean, chip, paint and grease onboard dredgers; Basic engine room safety procedures, etc.
- C.** Fire prevention and Fire-fighting techniques.
- D.** Survival Swimming procedures and basic techniques for using of life-saving appliances and to support routine activities around the dredger while in operation or afterward.
- E.** Practical demonstration onboard a dredger.
- F.** Watch-keeping.
- G.** Speedboat or canoe movements and errands.
- H.** Moving the dredger around burrow pits during dredging operations.
